

Freud na Moravě

Mal som píščalenku o deviatí dírkách
Nechcela mi píškať pri chudobných dívkách
Ale som si našel nevěstu bohatú
Začala mi píškať
Na dierku deviatú
Na dierku deviatú

Freud in Moravia

I had a flute of nine holes
It did not want to play with the poor girls
But then I found a rich bride
And it started whistling
Through the ninth hole
Through the ninth hole

*Freud spent his youth in Brno, the largest
Moravian city
