Free He (Luren) asked Stephen Abitanya if he had differently- with him, which caused him to kill Jackson Gibson. He (Abitanya) said he was suspicious of him killing his hog and said something about it. He heard about this. He waylaid and stopped him as he was on a way home from Dick Lock's store and said that he was talking about him accusing him of killing his hog. Jackson Gibson said- he did not approve any man talking about another to his back. He got after me. He believed that he intended to kill him but he changed his mind. He had that in his mind and when Osborn was going out to kill Jackson Gibson he went with him. He (Stephen Abitanya) carried pistol barrowed from Osborn and Osborn carried Winchester. When they went and killed him. Then Sheriff showed him the pistol and asked him if that was pistol he carried and he said 'yes,' that is the pistol.
