Fall-2017

August 23rd Organizational meeting

September 1st Trevor Davila On generalized amenability.

September 15th Trevor Davila On generalized amenability.II

September 22nd Trevor Davila On generalized amenability.III

September 29th Michelle Daher Mapping degree from differential viewpoint

October 6th no seminar

October 13th Michelle Daher Mapping degree from differential viewpoint.II

October 20th Michelle Daher Mapping degree from differential viewpoint.III

October 27th Parker Edwards Bottleneck Stability 3: The Stablest

November 3rd Nikola Milicevic A Kunneth type formula for persistence modules

November 10th no seminar

November 17th

November 24th no Seminar

Spring-2018

January 12th Organizational meeting

January 18th Michelle Daher, Surgery on manifolds

January 16th Michelle Daher, Surgery on manifolds.II

February 2nd Alex Wagner, A Crash Course in Morse Homology

February 9th Trevor Davila, The Coarse Baum-Connes Conjecture.

February 16th Trevor Davila, The Coarse Baum-Connes Conjecture.II

February 23rd Nikola Milicevic, Magnitude Homology

March 2nd Nikola Milicevic, Magnitude Homology.II

March 16th no sminar

March 23rd Parker Edwards, Stratified Manifolds and Stratification Learning

March 30th Parker Edwards, Stratified Manifolds and Stratification Learning.II

April 6th Lacey Johnson, Milnor's Results on the Topology of the Loop Space

April 13th Lacey Johnson, Milnor's Results on the Topology of the Loop Space.II
