

SURVEY ON INTEREST IN SUMMER 2018 TEACHING

The Summer 2018 term dates are as follows:

Semester	Start Date	End Date	Last Day of Finals
Summer A	May 14th	June 22nd	June 22nd
Summer B	July 2nd	August 10th	August 10th
Summer C	May 14th	August 4th	August 10th

How the Tuition waiver processing for summer works:

Students must be registered for classes during the semester in which they are teaching. If you are appointed summer A, you must be registered for 3 credit hours during summer A. If you are appointed summer B, you must be registered for 3 credit hours during summer B. If you are appointed summer C, you must be registered for 6 credit hours. These 6 hours may be spread out between summer A and B, summer A and C, summer B and C, or summer C.

Quick Reference: How many credits you have to take (and when) while teaching over the summer

Term(s) You are Teaching	# Credits	When you must be enrolled
Summer A	3	Summer A
Summer B	3	Summer B
1+ in each A and B	3 each (6 total)	Summer A and B
Summer C	6	Spread across any summer semester(s).
