

HITT Clickers Frequently Asked Questions:

1) Where can I buy one and do I need it?

-Yes we will be using clickers this semester. You can buy them at the UF bookstore. You can purchase a new or used clicker. You may look online but make sure you get the H-itt I-Cue (gray and blue color) or TX3100.

2) Where do I register my clicker?

-There are links to register on your course homepage.

- 3) What information do I need to register?

- You need your UFID number, your gatorlink email address and the clicker number (located at the back of your device).

4) May I purchase (or borrow) a used clicker?

- A used clicker should be cheaper, and is fine to use as long as it works.

5) Can I use another clicker device (different brand)?

- No you can't it MUST be HITT.

6) When do I need to have one?

- Usually by the second or third week of the semester. The specific date will be announced in class.

7) Do I need to bring it to class every day?

- Yes you need to bring it during all the lectures. However, class participation will be taken on random days, not every lecture.

8) How many points is the class participation?

-It depends on the course, but usually around 30 points so it can definitely make a difference in your grade.

9) Can I share a clicker with a friend?

- Not in the same lecture hall at the same period. The moment you register it you are the only one who can use it in that room at that time.

10) Can I use my HITT clicker from last year?

- Yes you can but you have to register it again. This does not cost extra.

11) Can I use my HITT clicker for another class this year?

- Yes you can but you have to register for that class too.

12) I forgot to bring my clicker one day what happens?

- Unfortunately you can't get any credit for that day! So DONT FORGET TO BRING YOUR CLICKER TO EACH LECTURE. There is no make up for class participation, but we will be collecting extra points and only counting up to a maximum. This allows for an occasional missed class or technical issues.

13) Can a friend of mine give me his clicker and I will answer for him/her so he does not miss the points one day while he/she is not there?

- **ABSOLUTELY NOT!** It is considered active cheating. Both of you will be breaking UF's rules, with penalties for breaking the University Honor Code. It is not worth taking the chance.

14) I bought a different clicker from HITT what do I do?

- Return it to the store you bought it from and either get a refund or trade it for a HITT clicker.

15) What about the Soft Click application for my smart phone? Do I need that too?

- Not all instructors allow Soft Click. If it is permitted, you either get a soft click application (from the online store at H-itt.com) OR the actual clicker device.

16) My clicker broke, got stolen and had to be replaced. What do I do?

- You will need to see your lecturer during office hours as soon as you get your new clicker to have that new clicker added to your name in the roster. That way you will get credit for points from both your old and new clicker.
