Instructor: Kevin Keating
Office: Little 482
Telephone: 294–2311
E-mail: keating@ufl.edu
Web Page: http://people.clas.ufl.edu/keating/3202-f17/
Office hours: Mondays and Wednesdays 1:00–2:15, or by appointment
Class meets in Little 201, MWF 10:40–11:30

Textbook
How to Prove It (2nd Edition) by Daniel Velleman

Syllabus
This course is an introduction to formal mathematics. The emphasis in this course is not on learning facts, but rather on writing clear and rigorous proofs. Some of the material covered in this course may be quite familiar to you. The goal is to understand and write about this material in a formal mathematical way.

Homework
Homework problems will be assigned and collected on a regular basis. You are encouraged to discuss the problems with your classmates, but any work you turn in must be your own. Late homework will not be accepted.

Exams
Friday, September 15, in class.
Friday, October 13, in class.
Wednesday, November 8, in class.
Thursday, December 14, 12:30–2:30 (final).

Grading
Each in-class exam is worth 20% of your final grade, the final is worth 40%, and the homework assignments are worth a total of 20%. I will drop your lowest in-class exam score (or half of your final exam) to make the total add up to 100%. Your grade will be determined by the following scale:

\[
\begin{align*}
90 \leq x \leq 100 &: A \\
85 \leq x < 90 &: A- \\
80 \leq x < 85 &: B+ \\
75 \leq x < 80 &: B \\
70 \leq x < 75 &: B- \\
65 \leq x < 70 &: C+ \\
60 \leq x < 65 &: C \\
55 \leq x < 60 &: C- \\
50 \leq x < 55 &: D+ \\
45 \leq x < 50 &: D \\
40 \leq x < 45 &: D- \\
0 \leq x < 40 &: E
\end{align*}
\]
